**Re: Humphries Construction Ltd**

Manfeild Park Trust has enjoyed a successful relationship with Paul Humphries and his team at Humphries Construction for a number of years.

They have constructed a very successful corporate suite and pitlane garage facility at the Manfeild Auto Circuit and have recently completed the construction of a new agricultural stadium – one the largest of its kind in New Zealand.

Their work has always been to the highest standard, on time and on budget. In addition they pay particular attention to responding to client needs in a timely and professional manner.

I would have no hesitation in recommending Humphries Construction to any prospective client.

Yours faithfully
